

NEWARK, OHIO, WEDNESDAY EVENING, SEPTEMBER 20, 1915.

WEATHER FORECAST.

Fair tonight and probably Thursday. Frost tonight.

PATHETIC

Remnant of Glorious Union Army of 1865 Reviewed By President Wilson

AFTER MARCHING HIS TORIC ROUTE

Taken Upon Victorious Return From Appomattox

CHEERING CONFEDERATES

In Crowd Which Enthusiastically Viewed the Parade—Scenes of Patriotism Marked the Passage of the Veterans—Nation's Chief Frequently Waved His Hat to Old Soldiers.

(Associated Press Telegram) Washington, Sept. 20.—Historic Pennsylvania Avenue, up which the victorious Union army marched fifty years ago for review by President Andrew Johnson, was lined early today with thousands who braved a sharp wind to see the remnant of that legion march from the Capitol to the White House to be reviewed by President Wilson.

The grand parade and Presidential review was the crowning event of the annual reunion of the Grand Army of the Republic. It was in commemoration of the grand review after the close of the Civil war.

A half century ago, President Johnson, from a grand stand in front of the White House reviewed 160,000 conquerors of the army of the North. Today, President Wilson from the same spot, greeted the survivors.

Estimates placed the number of veterans in line at from 20,000 to 30,000.

Pennsylvania avenue from the Capitol to the White House was thronged with a crowd of spectators that rivaled inauguration times. All departments of the federal and district governments, the public schools and practically all business houses were closed for the occasion. The line of march was from Peace Monument, at the west entrance of the Capitol grounds, up Pennsylvania avenue and through a court of honor in front of the White House.

At the head of the procession was Lieutenant General Nelson A. Miles, with distinguished army and navy officers as his aides. Col. George A. Hovey, chief of staff to the commander-in-chief of the G. A. R., was the active marshal of the parade. The U. S. Grant Post, of Brooklyn, N. Y., acted as special guard to commander-in-chief Palmer.

In addition to the veterans in line there were sons of veterans, various citizens' military organizations, troops of the regular army, marine corps and sailors from the fleet of warships anchored in the Potomac. Veterans marched in their respective grand army departments, the line being headed by the Department of Illinois, which was the first to be organized after the war.

Lieut. George C. Round, president of the Veteran Signal Corps association, gave the signal announcing the start of the parade.

With President Wilson to review the procession were members of the cabinet, other distinguished officers of the United States, justices of the supreme court and members of congress.

Other events of the day's program included a drill by bluejackets from the warships on the White Lot; a reception in honor of the commander-in-chief and national officers of the (Continued on Page 9, Col. 4.)

BRYAN'S TRIBUTE TO PRESIDENT WILSON AN ELOQUENT ONE.

(Associated Press Telegram) Nashville, Tenn., Sept. 20.—William J. Bryan, in an address here last night, paid the following tribute to President Woodrow Wilson:

"Happy for our nation that we have in the White House at this time a president who believes in setting the old world a good example, instead of following the bad example which the old world sets in this matter. What an unspeakable misfortune it would have been, if in such an hour as this, the nation had been under the leadership of a president inflamed by a false philosophy which has plunged Europe into the abyss of war."

NOW RUSHING SUPPLIES TO RUSSIAN ARMY

LARGE NUMBER OF SHIPS PREPARING TO LEAVE NEW YORK HARBOR

More Automobiles and Motor Trucks Will be Sent Than Shipments of Shells.

(Associated Press Telegram)

New York, Sept. 20.—Owing to the expectation that the Russian port of Archangel will be blocked with ice within a few weeks, arrangements are being made here for the departure for that port of a large number of steamers heavily loaded with supplies, much of which is intended for the Russian army. Twelve of the steamers will leave here within three weeks in order to reach Archangel before the ice embargo begins.

Representatives of the Russian government here say that many of the vessels now engaged in the New York-Archangel service will be diverted to the Panama canal route to Vladivostok as soon as it becomes practicable to send goods to the White sea port.

Notwithstanding reports that Russia is in great need of shells for her big guns, manifests of cargoes leaving here for Russia do not show unusually heavy shipments of such material. The supplies going forward in greatest volume are automobiles and motor trucks, firearms, boots and shoes, machinery, and many kinds of iron and steel manufactures.

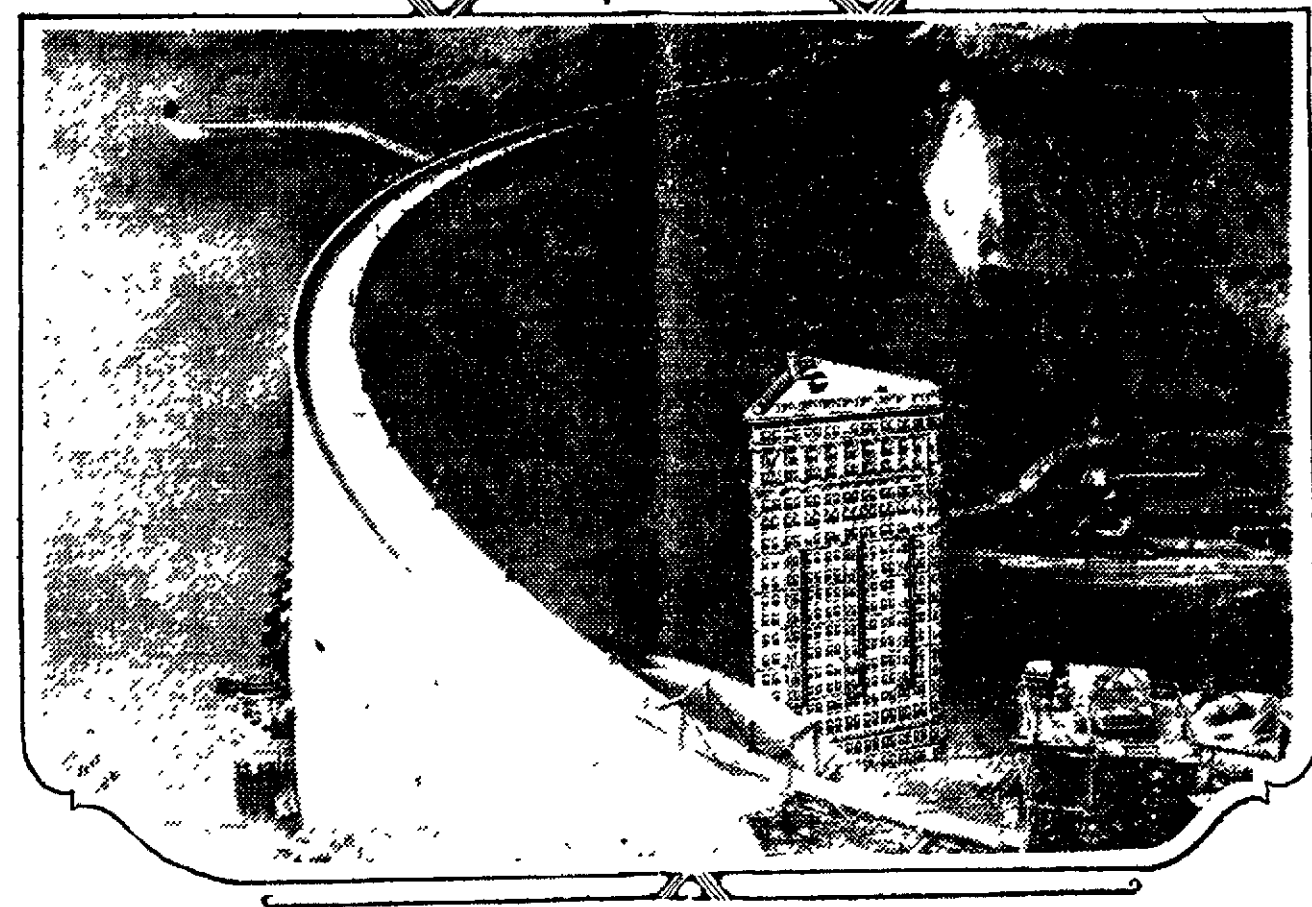

ANOTHER REPORT OF SINKING OF LARGE BRITISH TRANSPORT

(Associated Press Telegram) Berlin, Sept. 20.—(By Wireless to Sayville.)—The sinking of a British transport with the loss of all but a few members of the crew is reported in a despatch from Constantinople to the Overseas News Agency.

A special despatch from Constantinople gives reports about Mohammedan troubles in India, says the news agency. "It says that a British transport was sunk by a Mohammedan engineer, who died with the troops. Only a few members of the crew escaped."

This is the second report of the sinking of a British transport with India troops. An Athens despatch earlier today said that the Ramazan had been sunk by a submarine. It is possible that the two despatches are different versions of the same incident.

ARROWROCK DAM IN WESTERN IDAHO IS HIGHEST IN THE WORLD; NEWEST IRRIGATION PROJECT TO MAKE SMALL EMPIRE BLOSSOM

Top, panorama of Snake river, Idaho, and Arrowrock dam; bottom, comparison between Arrowrock dam, 345.5 feet high, and Flatiron building, New York, 286 feet high.

In the formal dedication at Boise, Idaho, October 4 of the Arrowrock dam, the highest in the world, there will be added to agricultural America one of the largest irrigation projects in the United States. It is the Boise. The total area is 243,000 acres—an empire in itself—tributary and in close proximity to Boise, Idaho's capital.

LARGEST

ANNUAL INCREASE OF SCHOOL CHILDREN IN STATE'S HISTORY

Seventy Counties Have Uniform Text Books, and Others Will Follow in Four Years.

Columbus, Sept. 20.—Ohio has 1,293,656 enumerated school children between the ages of six and 21 this year, according to a compilation of reports made to H. D. Swygert, statistician of the state public instruction department and given out by him today. This is an increase of 27,900 over last year and the largest proportional annual increase in the history of the state. There are 668,880 boys and 624,776 girls, making 33,000 more boys than girls. Between the ages of six and 8, there are 229,286 children; between 8 and 14, 546,269; between 14 and 16, 172,977; between 16 and 21, 350,124.

The state is obliged to pay to each county \$2 for each enumerated school youth. This will mean a total payment of more than \$2,500,000.

Enumeration during the last five years in Ohio was as follows: 1910, 1,227,000; 1911, 1,226,000; 1912, 1,231,000; 1913, 1,245,000; 1914, 1,271,000.

Bulgaria Will Attack Serbia Within Fifteen Days; Germans And Austrians to Co-Operate

(Associated Press Telegram) Paris, Sept. 20.—The Athens correspondent of the Havas News agency says it is now expected that Bulgaria will begin an attack on Serbia within fifteen days.

300,000 TEUTONS TOWARDS FRONTIER.

(Associated Press Telegram) London, Sept. 20.—About hundred thousand Austrian and German troops have begun an advance on the Serbian frontier, in the direction of Orsova, says the Athens correspondent of the Excelsior telegraph company.

BOMBS DROPPED ON SERBIAN CITY; THREE MEN KILLED

(Associated Press Telegram) Nish, Sept. 20.—Via London, Sept. 20.—The following official statement has been issued at the Serbian war office:

"On the 24th hostile aeroplanes flew over Podjevat, dropping twenty-two bombs, and killing three men but doing no damage of military significance. On the 25th they again dropped bombs, killing one man. The

same day enemy detachments tried vainly to cross the Drina near Resnik. A similar attempt was made near Poracintz the night of the 26th."

ENTENTE ALLIES MUSTER TROOPS FOR SERVICE IN SERBIA

(Associated Press Telegram) Berlin, Sept. 20.—(By Wireless to Sayville.)—British and French troops intended for service in Serbia have been landed at Port Kathrin near Saloniki, Greece, according to reports from Budapest received by the Frankfurter Zeitung, the Overseas News Agency announces today.

BULGARIA AND CENTRAL POWERS HAVE AGREEMENT.

(Associated Press Telegram) Paris, Sept. 20.—"Bulgaria and the central powers have concluded a precise agreement according to authoritative information," says the correspondent at Saloniki, Greece, of the Temps. "Under this agreement Bulgaria will enter the war on October 15."

Credit Loan to Net Over 5 Per Cent To Investors, Who May Subscribe To It in Sums as Low as \$100

New York, Sept. 20.—The details of the \$500,000,000 credit loan to be floated in the United States by a syndicate of bankers have been announced.

The agreement between the Anglo-French financial commission and the American bankers has resulted in the formation of a definite plan, it was officially announced here last night for the establishment of a \$500,000,000 loan issue on five-year, 5 per cent, joint British and French bonds, payable jointly and severally by the two nations, upon which the big loan will be a first lien.

The bonds will be issued to the public at 98, thus yielding approximately 5 1-2 per cent. to the investor, and to the nation-wide syndicate of bankers which will subscribe to the loan, at 96. Formation of the syndicate has been left to J. P. Morgan & Co., and a "large group of American bankers and financial houses." The bonds will be issued in denominations as low as \$100, and subscribers thereto may pay for them by installments.

At maturity these bonds will be repayable in cash or convertible into 4 1-2 per cent. joint Anglo-French bonds, redeemable from 10 to 20 years thereafter by the two governments jointly and severally.

Sir Henry Babington Smith, a member of the commission, made public the announcement. Sir Henry said

that an identical statement would be made public in Chicago by Lord Reading, chairman of the commission, who, with three other members, is conferring with western bankers there.

The proceeds of the loan will be employed exclusively in America for the purpose of making the rate of exchange more stable, thereby helping to maintain the volume of American exports, it is announced.

Russia will not participate in the loan.

To bring the great offering—the largest of its kind ever placed in the United States—before investors throughout the entire nation, the country will be divided into districts, or zones, and to each district there will be delegated a subcommittee of the syndicate managers, composed of the subscribing banks and trust companies within the districts. Thus at Boston, at Philadelphia, at Pittsburgh, at Chicago and at other financial centers a committee of the banks in each city or section will have direct charge of the work of marketing the securities among investors residing in their districts.

These sub-committees will work simultaneously and will report to the general syndicate managers, who will be located in New York. The five-year bonds, principal and interest, will be payable in New York. It is

possible that the interest will be payable in other cities; this detail and many others is yet to be decided upon. In order, however, to comply with regulations of the New York Stock Exchange, New York City will be designated as the place of payment upon maturity.

Parliamentary ratification of the plan is necessary in the case of both Great Britain and France, but it is assumed by members of the commission that such endorsement will be obtained without difficulty. The commission has been in constant communication with both Paris and London and details as to the progress made have been placed before the treasury authorities at both capitals from day to day.

A great many details are yet to be formulated as to the method which the syndicate will pursue. The first step to be taken is the formation of the syndicate by J. P. Morgan & Co. and other American bankers and financiers. Many banks throughout the country have signified their approval of the proposed credit and doubtless will be invited to join the syndicate.

How much of the \$500,000,000 which will be obtained here is to go for the credit of France and how much for the credit of England was not divulged.

"When two great nations join in (Continued on Page 2, Col. 2.)

IMPORTANCE

Of Allies' Victory Is Becoming More Apparent Each Day

GERMAN POSITIONS ABANDONED

Which They Were Ordered to Hold to the End

TEUTONS LOST 120,000

According to Report From French Headquarters—Berlin Report On the Other Hand Flatly Denies Important Victory and Claims Recapture of Much Lost Territory.

(Associated Press Telegram) Paris, Sept. 20.—German casualties in the recent offensive of the French and British, including killed, wounded and prisoners, were given officially by the French war office today as in excess of the strength of three army corps, (more than 120,000 men).

There is no interruption of the fighting in Champagne. Progress of the French in the Artois region, northwestern France, continues.

North of Massiges, the war office says 1000 Germans surrendered. The text of the communication follows:

"The reports which are coming to hand make it possible to record each day more fully the importance of the success obtained by our recent offensive movement in the Champagne district, combined with that of the allied troops in the Artois district. The Germans have not only been compelled to abandon along an extended frontier certain positions strongly entrenched in the defense of which they had been ordered to resist to the very end, but they have suffered losses the total of which in killed, wounded and prisoners amounts to more than the effective strength of three army corps, (120,000 men). The total number of prisoners is at the present time in excess of 23,000 men, the number of cannon brought to our rear is 79. Seventeen thousand and fifty private soldiers and 316 officers, taken prisoner by us, already have gone through the town of Chalons on their way to the points where they are to be interned.

"Organized efforts are at present under way to clear up the field of battle and to take definite count of the arms of all kinds and of the war material belonging to the artillery and infantry branches which the enemy has been compelled to abandon to us.

"In the Artois district the progress reported yesterday to the east of Souchez continued unchanged and in the course of last night after a stubborn engagement we reached Hill No. 140, the culminating point of the crests of Vimy and the orchards to the south of this point.

"The number of unwounded prisoners made by us in the course of this fighting is more than 300 and the men belong mostly to the two divisions of the guard.

"In the Champagne district the fighting is going on without respite along the entire front. In the region to the north of Massiges further groups of Germans have surrendered. In this section alone, the total of prisoners last evening reached 1000. There has been no other important action on the remainder of the front.

"The enemy has bombarded violently our trenches to the north and to the south of the Aisne in the regions of the St. Maré forest, of Troyon and Vailly.

"We responded to this fire with energy."

BRITISH

Now Battering at German Third Line of Defense Near Loos

WHILE FRENCH MAIN-TAIN OFFENSIVE

In Champagne and Check Teutons In the Argonne

SHORT BREATHING SPELL

Taken By Allies is Succeeded By the Hardest Pressure On the Enemy Already Weakened Or Shattered By the Earlier Effective Fire of Their Heavy Artillery.

(Associated Press Telegram) London, Sept. 20.—The British are battering the third line of Germans in the vicinity of Loos. The French are maintaining their offensive in Champagne. The Germans in the Argonne apparently have been unable to make important gains and have refrained from infantry attacks. This sums up briefly the situation in the west as seen in London today. No great change in conditions is shown but England attaches high importance to indications that the offensive movement of the allies is not to be relaxed as was predicted in some quarters.

A short breathing spell has been succeeded by the hardest pressure on German positions at the points weakened or shattered by the allied rush.

That it is the intention to maintain this pressure is indicated by a telegram from Field Marshal French to the lord mayor of London, thanking him for his message of good will. The British commander added that the message encouraged his troops to push the immediate success to a really decisive issue.

This leads the public to believe there is to be no stalemate such as followed the battle of Neuve Chapelle, but that with new British forces in the field and ample supplies of ammunition, General Joffre and Field Marshal French plan a real test whether German resistance in France and Belgium can be broken.

Russia, though encouraged by the progress of her allies in the west has not been doing so well in the last day or so. The Austrians have stemmed the Russian advance in southern Poland and retaken Lutsk. The Germans against Divlik.

Bulgaria has not replied to Foreign Secretary Gray's "friendly ultimatum," but special dispatches from Athens and other points say a change is noted at Sofia and that events are now less likely to take a turn unfavorable to the entente powers.

MEET TO ARRANGE WORLD'S SERIES NEXT SATURDAY

(Associated Press Telegram) Chicago, Sept. 20.—Details of the World's series will be arranged at a meeting of the national baseball commission in New York City this week. B. B. Johnson, president of the American League and member of the commission said today.

The date of the meeting cannot be set until the races in two leagues are decided definitely. It probably will be held on Saturday, Johnson said.

Council Clerk J. S. Woodward who has been confined to his home for a few weeks with a badly inflamed foot, is recovering rapidly. He was able to leave his bed today and expects to be able to resume his duties next week.

British Victory Over Turks In Mesopotamia Announced; Latter Are In Full Retreat

(Associated Press Telegram) London, Sept. 20.—The British have won an important success in Mesopotamia. The Turks are in full retreat toward Bagdad. The British are pursuing the retreating Turks.

Announcement to this effect was made in the house of commons today by Austen Chamberlain, secretary of state for India.

Official records of the campaign in Mesopotamia have been bare of detail and little has been known hitherto on these operations. The last official statement conveyed the information that the fighting on this front was comparatively unimportant consisting of skirmishes between relatively small forces. It is not improbable that a new expeditionary force has been sent in by the British. Scattered reports during the last few weeks have shown that large bodies of troops were being forwarded towards Turkey. Both Italian and British troops are believed to have

been dispatched, but it was generally assumed these forces would be employed on the Gallipoli front or in Syria.

The latest official British report issued on July 22, said that the British had occupied Sukesh-Sheykh, on the Euphrates river in Arabia. For some time the British and Turks have been fighting near the junction of the Tigris and Euphrates rivers, which is about 250 miles from Bagdad.

The first intimation that important events might be expected on this part of the Turkish front was contained in an Athens dispatch early today in which a British officer from the Dardanelles army was quoted as saying that the Mesopotamia expedition was approaching nearer to England. In view of this officer, the Mesopotamia movement was part of a general plan of the allies to close in on the Turks from two directions—from the quarter land and from Gallipoli peninsula.

STORE OPEN ALL DAY THURSDAY.

Come Down Thursday Morning And See The Big Automobile Parade at 10 O'clock

The merchants of the city have arranged an automobile parade to go around the square at 10 o'clock on Thursday morning. The automobiles that take part in this parade will all be decorated, and will compete for prizes that are being offered by the Merchants Association. The Licking county commissioners will be the judges, and will review this parade from the east side of the square. You will want to see it.

It's Time to Purchase Warm and Pretty Apparel For The Little Folks.

With such an assortment as she will find here, the small person herself will find it hard to choose from among them. Styles and fabrics are as many and varied as those shown for the grown-ups. We are well equipped to supply the demands of the little ones.

The Winter Coats For The Girls.

Are here in all sizes from 2 to 14 years, in black velvets, plushes, chinchillas, heavy cloths in plain colors and novelties. Many pretty styles are shown.

WEAKNESS

OF PROTESTANTISM LACK OF
UNITY, DECLARES CLEVELAND
LAND MINISTER

Makes Appeal for Federation of All
Men's Societies and Bible
Classes of All Churches.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Sept. 9. — Laboring men and lodge men are waiting for a concerted movement to federate men's church societies, and Bible classes of all protestant churches. Rev. Robert R. Bigger, pastor of West Minister Presbyterian church, Cleveland, declared today at a session of the Ohio State Adult Bible Class convention here.

"It seems to me that this can only come through the men's Bible class movement of our international association," he said. "Our vision is the formation of a great united Bible brotherhood which shall unite all protestant men's organizations into a mighty Christian fraternity, embracing three cardinal principles: Bible study as the foundation, social service and the spirit of Christian brotherhood."

"We are living in the age of the layman, and never have men been so willing, and so active in church work as in the last few years, and this spirit is growing wonderfully; but our weakness lies in the fact that we are greatly divided. This is the weakness of Protestantism. The men's Bible class movement has done more to overcome this weakness than all other men's organizations put together."

"The men's organized Bible class movement has more men enrolled than all other protestant men's organizations put together. Statistics show the following: Gideons 45,000; Brotherhoods, 200,000; Loyal Sons, and all other kinds have enrolled 5,000,000 men."

DESPERADO

SUCCUMBS TO BULLET WOUND
IN LUNG AFTER BATTLE
WITH POSSE

Had Killed Penitentiary Warden
After Escaping from Road Gang
On Monday.

(ASSOCIATED PRESS TELEGRAM)

Albany, Ore., Sept. 28. — Otto Hooker, an escaped convict, who shot and killed Harry Clark, warden of the Oregon penitentiary at Salem, and probably fatally wounded J. J. Benson, city marshal of Jefferson, died today from wounds suffered in a revolver battle with a posse last night.

Hooker was discovered in an unoccupied house here shortly before midnight. A posse surrounded the house and demanded that he surrender. Hooker replied with a volley from a revolver. As his fire was drawn in another direction, a member of the posse crept to a window and fired a bullet through the convict-slave's lung.

The convict escaped from a road gang Monday. Warden Minto, with a posse encountered Hooker a few miles from Salem, Monday night. A revolver battle ensued in which Minto was killed. As Hooker fled through Jefferson, Marshal Benson fought hand-to-hand with him and was shot with his own weapon which Hooker had wrested from him. Hooker had been regarded as a model convict.

"Nostriola" Fine For "Stuffy" Head Colds Or Catarrh

You must try NOSTRIOLA. A small trial size tube, which you can get at any drug store will be enough to show what it will do.

NOSTRIOLA is certainly fine for Colds, Croup, Nasal Catarrh, Hay Fever and kindred affections. You just apply a little to nostrils and at once, head is clear as a bell, you breathe freely and you distinctly feel your cold breaking up and leaving you.

The nostrils and the air passages are the breeding places for disease-breeding germs. When the membranes are sore and inflamed, you catch cold easily, and colds lead to Catarrh.

NOSTRIOLA is intended to soothe and strengthen the linings of the air passages so they can resist and throw off colds.

Get a small tube to try. All drug stores sell and recommend NOSTRIOLA.

SUFFERING FROM RHEUMATISM?

Don't neglect your case. Rheumatism soon or later will affect the heart, which in many cases means sudden death. The new discovery, SHELFUS' FAMOUS RHEUMATIC REMEDY, promptly overcomes rheumatic suffering and prevents future complications. This Acid will no longer exist in the system. The Ringer becomes normal and pure. Buy a bottle at once and be convinced that further suffering is needless.

Sold at Evans' Drug Store, Warden Hotel Block, R. W. Smith, the Prescription Druggist and Hall's The Retail Store in \$1.00 and \$2.00 bottles.

More than 22 per cent of the population of the United States lives in cities of 100,000 or more, 10 per cent in cities ranging from 25,000 to 100,000, while more than 15 per cent live in cities of 2,500 to 25,000.

Auto Parade Promises to Be Big Feature of Fair Week; 50 Cars Already Promised

There is every indication that the automobile parade, a feature of entertainment for county fair week, planned and financed by Newark business men, will be one of the big features of the week and one of the most interesting automobile stunts ever planned in the city.

The offer of cash prizes totaling \$80 to be divided into two classes with two prizes each, is proving an incentive to the automobile owners of the city and county. The owners of cars in the country are particularly interested in the offer of prizes for cars decorated with farm products.

In this the farmer has the advantage over the city chap for he can obtain his farm products for decorating purposes at less cost than can the man in the city who must strive for the artistic effect in the decorative scheme and this is apt to prove expensive. First prize in each class is \$20, second \$15.

Already the committee has the promise of fifty or more entries. Every owner entering his car must be on hand at 9:30 o'clock in Church street, east of Third, where numbers will be given out and positions in the formation fixed.

As was announced yesterday, the parade will circle the square, move east on Main street to the E. and O. crossing and counter march, again passing round the square and out West Main street. It will move promptly at 10 o'clock.

The contest for Charlie Chaplin imitators will take place Friday morning, entrants in this contest reporting at the Auditorium at 9:30 Friday

MERCHANTS' ASSO. MEETING TONIGHT VERY IMPORTANT

A very important meeting of the Merchants' Association will be held tonight at 7:30 o'clock in the Trust Building. All members of the association are urged to be present at this meeting.

CONCORD

Mr. Howard Nelson of Iowa is visiting relatives in this vicinity.

Rev. W. A. Chase of Auburn, Ind., gave a very instructive temperance address in the M. E. church Wednesday evening.

Mrs. Gifford Bullock and children of Croton visited her sister, Mrs. Walla Disbennett several days last week.

Mr. and Mrs. John Mark Wright of Johnston called at the home of their son, Clarence Wright, Sunday.

Mr. and Mrs. Frank Adams of Croton called on friends in the village Monday.

Rev. J. Phillips, a former F. B. minister, who has been spending a few days here, returned to his home in Columbus.

Mrs. Lydia Jamison and Mrs. May Hannahs visited their sister, Mrs. M. D. Shrader at Garrettsville, O., returning home Friday evening.

Theatres

Lyric—"The Valley of Regeneration" (Adele Lane); "Gertie's Joy Ride" (Hank Mann) and Meine Friend Schneider" (Murdoch Macquarrie).

JAMES ROLPH IS ELECTED MAYOR SAN FRANCISCO

(ASSOCIATED PRESS TELEGRAM)

San Francisco, Sept. 29.—Apparently for the second time James Rolph, Jr., has been elected Mayor of San Francisco, at the municipal primary which was held yesterday. Although the official returns will not be known until late in the day, carefully tabulated counts of incomplete returns from each of the city's 651 precincts early today gave him a majority of all the votes cast for mayor. The tabulations gave Rolph 22,460 votes. Eugene E. Schmitz, deposed as mayor during the graft prosecutions of 1906-07, was second with a total of 12,897 and supervisor Andrew J. Gallagher, third with 5,631.

According to the laws of California a candidate receiving a majority of all votes cast for the office of mayor, is elected.

This the second time Mr. Rolph has been elected in the primaries.

AUSTRIANS CLAIM ITALIANS AGAIN SHELL HOSPITAL

(ASSOCIATED PRESS TELEGRAM)

Berlin, Sept. 29.—(By Wireless to Tuckerton, N. J.)—The Austrian official statement of yesterday as received in Berlin today and given out by the Overseas News Agency, says that the Italians have again shelled the Red Cross hospital at Gorizia, although the hospital was marked with the Red Cross flag.

This portion of the Austrian statement of yesterday was not received last by way of London.

BIG ATTRACTION IS NERV-WORTH TENT AT THE FAIR

Remedy on Display and Sale by
Druggist T. J. Evans — Many
Free Sample Doses Given
Out.

Druggist Evans' half-page announcement printed in last night's paper in behalf of Nerv-Worth and inviting fair visitors to call at his Nerv-Worth tent, located on the grounds at tent on corner west of theatre, was liberally responded to yesterday and many took occasion to make the remedy's acquaintance by taking a free sample dose of it.

Mr. Evans renews his invitation today and hopes that fair folks will flock to his tent throughout the rest of the fair. He wants visitors to learn what a pleasant taste Nerv-Worth has and to realize its bracing effects.

A goodly stock of the remedy will be found in the tent, each bottle put up in a stout carton which can be put into the buggy or the auto and taken safely home. This will be a great convenience to many visitors who need Nerv-Worth for their medicine chests and don't want to take time to go down town to the Evans store for it. At the tent, orders may also be left for the shipment of the remedy by parcel post to any address.

MINE EXPLODED ACCIDENTALLY; GENERAL HURT

(ASSOCIATED PRESS TELEGRAM)

Paris, Sept. 29.—General Cremer was seriously wounded at the Satory camp while watching experiments with explosives. He and his staff officers were hurled some distance when a mine was exploded accidentally. One of General Cremer's thighs was broken and he was badly burned while his companions suffered less serious injuries.

NEIGHBORHOOD PRAYER MEETINGS

The weekly neighborhood prayer meetings will be held this week at the following homes to which a hearty invitation is given to the neighbors to spend a short time on Thursday mornings in prayer and Bible study at 9 o'clock.

Topic for the meeting is "Christ's teaching of prayer." (Mat. 6:8-16.) Division 3—Mrs. Grant Jones, 204 Indiana street.

Div. 12—Mrs. Shaw, Leonard ave. Div. 13—Mrs. Clint, 43 Bates street.

Div. 34—Mrs. Jones, Chestnut street. Topic for October 7: "Anxiety Cure." (Mat. 6: 25-34.)

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia
E. Pinkham's Vegetable
Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live.

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MACHINISTS

TO THE NUMBER OF 150 EACH
WEEK ARE GOING TO
EUROPE.

To Work in the Munitions Plants
There—Highest Wages Ever
Known Being Paid.

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 29.—At least 150 American machinists engaged in all parts of the country are leaving New York each week to work in the munitions plants of the European belligerents, according to information obtained at the offices of the International Association of Machinists here. The competition of Great Britain and Russia in employing American machinists is said to have driven the wages of such mechanics to the highest point yet known.

It was learned at the British consulate that the call for these workers did not come from the government direct, but from an agent who has agreed to provide skilled mechanics for the private munition plants of Great Britain.

English works it was stated, today, are paying from \$25 to \$35 a week to mechanics who can make special machines and are paying liberally for overtime. American manufacturers of war munitions for the allies are said to be paying as high as \$7 or \$8 a day to expert tool makers.

CREDIT LOAN

(Continued from Page 1.)
an undertaking of this sort, it is only fair to assume that they come "on equal terms" was the comment of one banker familiar with the proceeding.

Henry P. Davidson of the firm of T. P. Morgan & Co., in a statement said:

"The agricultural, manufacturing and financial interests of this country should welcome the opportunity to extend credit to any solvent customer where the extension of such credit furthers American trade. The normal export trade of this country to Great Britain and France runs into many hundreds of millions of dollars annually. To preserve such trade under the existing abnormal conditions, we believe the proposed arrangement to be imperative and accordingly we and the many banking institutions and financial houses that will be associated with us will act as managers without compensation."

In every large city or financial center in the United States there is to be under the present plan a group of bankers who will act as syndicate managers in their section of the country. In the south and west these groups will operate over somewhat enlarged areas; in the mid-west, the north Atlantic states and New England, where the population is dense, the groups will, in some cases, confine their activities practically to the city in which the member banks are located and its immediate suburbs.

On behalf of J. P. Morgan and company, it was said today, that interest in the project was great and enthusiastic in practically every section of the United States.

How long it will be before the Anglo-French commission and the syndicate managers will sign the contract which will embody in binding, legal form, the provisions of the agreement, whose details were officially announced here and in Chicago last night was today a matter of surmise, but it was thought that a fortnight would see the project much further advanced than now, barring the remote possibility of a hitch on the other side of the Atlantic.

Foreign exchange advanced only moderately at the opening today as a result of official announcement of the terms of the loan. Demand selling opened at 4.71 1-2, an advance overnight of 3-4 of a cent.

Actual transactions in sterling, a little later, were made at 4.72 1-2 for demand bills and the rate was then advanced to 4.73 or 2 1-2 cents over the previous day's close.

IN LONDON

Terms of Loan Announced About
Met With Expectations.

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 29.—The definite announcement of the terms of which Anglo-French loan is to be issued in the United States was about in line with the expectations of British financiers. Though the yield is a shade higher than had been looked for originally in some quarters, the general opinion is that heroic measures were necessary to remove the deadlock in exchange transaction which had been allowed to continue for so long.

It is felt here that the advantage rests with America in obtaining such a good rate of interest and facilities for its export trade, although England also reaps benefit by the postponement for at least five years of payment of the debt for goods received.

The rate of exchange is now of first importance. Belief is expressed in banking and exchange circles that further measures will be necessary to bring the rate more nearly to a normal figure. It is known that a good deal of money is being held for remittance as soon as cable transfers reach 4.80.

Gold is still going out and will continue to go in payment of munitions.

The loan now arranged will cancel part of the adverse trade balance.

KIRK'S FLAKE SOAP
WHITE
5¢ MAKES DISH WASHING EASY

ance, but in view of the coming shipments of cotton and grain, which will swell this balance, persons in close touch with the situation are of the opinion that further action will be necessary.

At the same time, the slow but gradual improvement of the British export trade and a reduction in the importation of luxuries as a result of the new arranged tariff schedule will help the situation.

Much more might be done by the sale of further amounts of American securities of which a very large total is still held here. In the meantime dealers, pending a more definite rise in exchanges are adopting a cautious attitude, keeping their books even. It is understood bankers are keeping small balances for New York, anticipating a rise in exchange. Consequently any large orders which may come on the market will have an appreciable effect.

This was noticeable this morning when the sale of \$300,000 forced the cable rate to 4.72 1-2. Some buyers then appeared, causing a decline to 4.71 1-2, but the rate later was steadier at 4.71 3-4.

London representatives of American financial houses did not care to comment on the terms of the loan, in the absence of news from their head offices. A prominent English banker expressed the opinion that the Anglo-French commission had done well in view of the strong opposition in America. This is the first loan Great Britain has negotiated abroad, and although the exchange rate has recovered only a fraction at present, the money has not been paid over. The high yield must not be looked upon this banker said, as a reflection on the credit of Great Britain inasmuch as short term bonds always yield more than long term loans, and Americans are accustomed to a high rate of interest on short issues.

PLAN ANNOUNCED

Under Which Chicago Bankers Will
Be Asked to Co-operate.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 29.—Details of the plan under which Chicago bankers will be asked to co-operate in floating the \$500,000,000 loan to England and France, the largest foreign loan ever offered by the United States, were formulated today at a meeting presided over by Thomas W. Lamont, representing J. P. Morgan and company of New York City.

That the loan will not acquire definite form for several days was the opinion of Mr. Lamont.

"It all depends on the speed with which the syndicate is made up," he was quoted as saying.

Members of the Anglo-French commission, which arranged for the loan, planned to return to New York this afternoon. Lord Reading, chairman of the commission, in behalf of his associates, expressed delight over the reception Chicago had given them.

The tension among bankers which had been apparent for several days, in fact since the arrival of the commission in New York, ended with the issuance of a statement by Lord Reading, setting forth the terms of the loan. The statement was made public in New York and Chicago.

James A. Patten, millionaire grain trader, announced today that he would subscribe to the Anglo-French loan.

"I am convinced that the success of the loan is essential to the maintenance of a stable rate of exchange," said Mr. Patten, "and this will enable exporters to handle grain upon a closer margin of profit and correspondingly improve the prices paid to our farmers."

CLEVELAND WON GREAT VICTORY BY A DECISION

STEAM HEATING SYSTEM OF A
COMPANY MUST EXTEND TO
CITY HALL

Public Utilities Commission Holds
Hearing Also On a Gas Case
Similar to Newark's.

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Sept. 29.—The public utilities commission today ordered the Cleveland Electric Illuminating company to extend its steam heating system to the new Cleveland City Hall.

The commission further orders that the extension be completed within sixty days after the Cleveland city council accents a contract for not less than 10 years. The inference of the order is that the price is to be 35 cents per thousand pounds of steam, according to the original council ordinance, though no rate is mentioned specifically in the order. The decision of the public utilities commission is considered a great victory for the city of Cleveland.

The public utilities commission today, held a hearing in the appeal of the Ashtabula Gas company from the Ashtabula City ordinance which established 30 cents as the maximum price to be charged per thousand feet for gas. In support of the company's claim that the rate should be 40 cents net, Martin D. Daly, manager of the Northeastern Ohio Oil and Gas company, which supplies the Ashtabula company, went on the stand and testified concerning costs of operation and production.

He was questioned closely by C. L. Shaylor, city solicitor of Ashtabula, in an effort to show the company's estimates of production are excessive. Municipal officials from Painesville, Conneaut, Geneva and Jefferson, attended the hearing. These cities will be affected by the commission's ruling.

LONDON'S NEW MAYOR.
(ASSOCIATED PRESS TELEGRAM)
London, Sept. 29.—Sir Charles Cheers Wakefield was elected Lord mayor of London by the council today.

Want a house? Read the Wants.

NO ATTACK

WILL BE MADE UPON GREECE
ACCORDING TO BULGARIAN
OFFICERS

Who Are Drawing Up Tentative
Plans of a Campaign—Turkey
Demands Guarantees.

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 29.—The Turco-Bulgarian treaty was ratified September 22, the representatives of Turkey attaching their signatures only upon receiving proof that a decree for the mobilization of the Bulgarian army really had been issued, the Matin asserts.

As a further precaution, Turkey stipulated that the Deleghatch railroad should not be turned over to Bulgaria until October 6, leaving fourteen days for Bulgarian mobilization.

The territory will not be ceded until October 11, so that Turkey and Germany may see what disposition is made of the Bulgarian army. Meanwhile, the Matin declares, the Germans are in command at Sofia as at Constantinople and the Teutonic minister is reported to have expressed deep indignation because the strategic railroad to Lom-Palanka, on the Danube had not been completed.

Plans for the campaign are being drawn up by the Bulgarian general staff, the correspondent says, with the assistance of numerous German officers who have arrived in Sofia.

Bulgarian officers say no attack will be made on Greece.

BULGARIAN MINISTERS
HAVE RESIGNED IS
REPORTED FROM ATHENS.

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 29.—A Havas dispatch from Athens says:

"The Bulgarian ministers of finance and commerce have resigned according to a report received from a reliable source in Sofia. The reason given officially is a divergence of views on internal questions but the real cause is the complete disagreement of these cabinet members with Premier Radoslawoff on the policy to be followed in view of the determined attitude of Greece."

King Ferdinand granted an audience to former Premier Malinoff, leader of the party favorable to Russia and asked him, it is understood to form a new cabinet.

FRED MARTIN LOST HAND IN CORN SHREDDER

Fred Martin, a brother of Attorneys Ray and John Martin of this city, suffered a badly mangled left hand shortly before noon today when his hand was caught in a corn shredder. The machine cut off the greater portion of the hand, the thumb and first four fingers with the bones as far back as the wrist being severed. Only the little finger was left. The accident occurred at the Joseph Spencer farm near Montgomery, where Martin was assisting in the work of shredding fodder.

Crisis Brothers' ambulance brought Martin to the City Hospital and an operation was performed this afternoon by Dr. U. K. Essington.

Witnesses state that Martin's glove became entangled in the blades of the machine, drawing the hand into the knives.

BAR CATHOLICS FROM JURY IN MURDER TRIAL

(ASSOCIATED PRESS TELEGRAM)
Houston, Texas, Sept. 29.—Knights of Columbus, and Roman Catholics have been excluded from jury service in the trial of Mrs. John Rogers' suit against an insurance company for \$1200 on an accident policy her husband held.

The trial began today at Marshall, Texas.

Rogers, a Marshall contractor, lost his life February 3, in a pistol battle, in which William Black of Bellare, O., an anti-Catholic lecturer, was shot to death in a hotel. Mrs. Rogers claims her husband was killed accidentally.

The trial of George Tier, George Ryan, John Copeland, and Harry Winn, charged with the murder of Black, has been set for December 14.

TRUST BUILDING

Society

A very pleasant party was given in honor of Miss Frances Grans of 29 Spencer street, the occasion being her nineteenth birthday anniversary. Games were played and music was furnished by Lillian Wagner. At 9 o'clock an elaborate three course dinner was served.

Those present were: Misses Frances Grans, Jennie McArthur, Nell Brown, Mrs. Elmer Cook and daughter, little Miss Dorothy. Out of town guests were Misses Mary Boylan of Washington C. H., O., Nina Howard, Florence Wagner, Lillian Wagner, Helen Grey, Beale Perdo, Fred Ward, Joe Grenger, Theodore Ganev, all of Columbus, Chester Rice of Newark, Elden Evans, Henry Snyder of Washington C. H.,

Mr. and Mrs. E. O. Vermillion and daughter Miss Ethel entertained with a dinner on Sunday at their pleasant country home, the following people: Mr. and Mrs. Melvin Wince, Mr. and Mrs. E. J. Kelley, Mr. and Mrs. Fred Orr, Mr. and Mrs. Homer Rian, Mr. and Mrs. A. J. Hazlett, Mr. and Mrs. James Hunter, Mr. and Mrs. Arlo Wince, Misses Florence Hazlett, Esther Hartshorn, Evelyn Hunter, and Mr. Herbert Courson, Anthony Hunter, Ray Dushheimer, Henry Clark, Irville and Carlos Rian and Master Kenneth Wince.

At noon on Tuesday the marriage of Miss Romaine Beal and Mr. Frank Shuman Cappell of Holloway was solemnized at the home of the officiating minister, Rev. S. W. Rosenberger, pastor of the Methodist church in Cambridge. They were attended by Miss Leona Stiles of Cambridge and Mr. Charles Harris of Newark. Mr. and Mrs. Cappell will make their home in Peoli, O. The bridegroom is employed as stenographer in the B. & O. offices at Holloway, O.

Mrs. Charles Montgomery and Miss Fenwick Ewing of Granville street will entertain with an afternoon party on Monday at the Mountbuilders' Country club.

The members of the Wednesday day Afternoon Bridge club are being entertained this afternoon at the Country club.

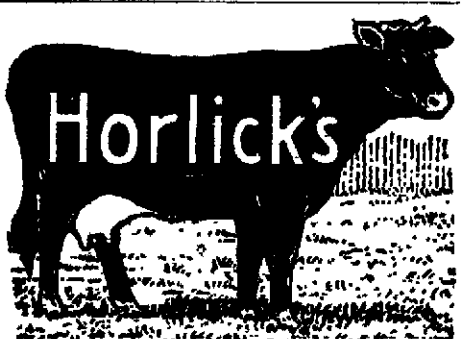

A number of the friends of Mr. and Mrs. George Ball surprised them at their home in Hudson avenue on Tuesday evening, the occasion being the birthday anniversary of Mrs. Ball. A dinner was served, the table being arranged with nasturtiums and ferns and the following were guests:

Mr. and Mrs. A. B. Schaeffer, Mr. and Mrs. W. H. Mazy, Mr. and Mrs. B. L. Eckfeld, Mr. and Mrs. Edward Pearsall, Mrs. Charles Wesson, Mrs. Walter Scott, Miss Marie Clouse and Mr. Anderson. The hours following the dinner were devoted to cards.

Miss Dorothy Alexander entertained a few friends at her home in North Fourth street on Tuesday afternoon in celebration of her thirteenth birthday anniversary. The hours were devoted to progressive finch and auction and dinner was served, the color arrangement being pink and white. The table was centered with a basket of pink and white flowers and the following were guests: Misses Virginia Miller, Gwendolyn Davies, Bernice Hohl, Florence Thompson, Mary Elizabeth Smith, Mabel Phil, Frances Foote, Mary Hohl, Esther Grandle, Bessie Greenawalt and Helen Vogelmeier.

Mrs. Fulton Van Voorhis was hostess at a pretty afternoon party on Tuesday at her home in Granville when she honored Miss Marian McKinley of Philadelphia, who is the guest of Miss Mary Maholm of Hudson avenue. The game of afternoon was bridge and the souvenir was awarded to Miss Louise Hunter, while the honor guest was presented with a beautiful colonial corsage bouquet by the hostess. The Van Voorhis home was arranged with garden flowers.

The guests were: Mrs. J. Howard Jones, Mrs. Robbins Hunter, Mrs. Charles Hollander, Mrs. Malcolm Baker, Mrs. Clarence Helsey, Mrs.

tuition \$5.00 PER MONTH

Personal

Jessie S. Elliott, Mrs. Clay Van Voorhis, Mrs. John Franklin, Misses Frances Priest, Louise Hunter, Mary Maholm, Bertha Fulton and Miss McKinley of Philadelphia.

The graduating exercises for the Newark City Hospital will be held on Thursday evening, September 30.

The commencement exercises will be held in the First Presbyterian church at 8:15 o'clock and the public is invited to attend. The young women have completed the work required of them in the local hospital and will be given their diplomas. The members of the class are: Miss Ethel Varner, Mrs. Delle Shaffer and Miss Clara Bagert.

Miss Mabel Hughes entertained with a delightful dinner at her home east of the city on Tuesday evening. The table was arranged with a basket filled with crimson dahlias and covers were laid for the following guests: Mrs. Mary Henry, Misses Bernice Floyd, Mamie Jones, Elizabeth Leonard, Jennie McCarthy, Emma Boggs and Emily Alexander.

At the conclusion of the dinner an impromptu musicale was given.

THE SICK

Mrs. Stewart of Utica, who has been a patient at the City Hospital, was removed to her home yesterday in the Bazler ambulance.

H. L. Sumption, railroad man, who was injured on the B. and O. east of Newark several weeks ago, was moved from the City Hospital Tuesday in the Bazler ambulance.

Mrs. O. L. Lucas of West Main street, who was operated upon a week ago at the City Hospital, is improving rapidly. She was removed this morning in the Bazler ambulance to her home.

PICTURE FILM
NOW IN FACTORY
AT CLEVELAND

Mr. Bennage and Mr. Ricardo of the McHenry Film company are still in town waiting for a dispatch from the Cleveland factory telling them whether or not the Alhambra motion pictures taken yesterday are O. K. The film was expressed to Cleveland yesterday and development will determine whether the pictures are good. It by chance any of the scenes are imperfect Mr. McHenry will wire Mr. Bennage to do that part of the work the second time.

After each scene was rehearsed and just before the picture was taken the director held a slate before the camera upon which was written a certain number. That indicated the number of the scene and the numbers enable the people in the factory to put the several scenes in their proper order for exhibition.

Mr. Bennage says that he believes the pictures taken Monday and Tuesday are particularly good with the exception of the Kuster restaurant scene. The electric light may not have been intense enough for the interior picture.

The completed film is expected here on Saturday or Sunday and will be shown at the Alhambra every afternoon and night next week beginning Oct. 4.

SLIGHT PROSPECT
FOR SETTLEMENT
CHICAGO STRIKE

[ASSOCIATED PRESS TELEGRAM]
Chicago, Sept. 29.—Prospects of an early settlement of the strike of several thousand garment workers were not bright today as the strikers entered on the third day of the walkout.

Neither the manufacturers nor union leaders had made any move for peace, it was announced. Efforts of union organizers to induce employees to stop work continued.

Sydney Hillman, president of the Amalgamated Clothing Workers of America encouraged the strikers with the statement that victory—increased wages, shorter hours, and arbitration—will be their ultimate reward.

BAILEY LEAVES
NEWARK; CASES
DISPOSED OF

The complicated affairs of W. Prescott Bailey, the youthful ex-lessee of the Auditorium came to a satisfactory termination Tuesday when called up for hearing before Mayor R. C. Bigbee and Common Pleas Judge T. B. Fulton.

After the collapse of his theatrical adventure, Mr. Bailey was apprehended for issuing checks on a local bank without having sufficient funds wherewith to pay them and was later charged with having possession of fire arms.

An investigation by attorneys interested in the case disclosed no fraudulent or criminal intention on the part of young Bailey and this being made to appear to the courts, and all of his debts having been satisfactorily adjusted, the matter before the Mayor was dismissed and the court of common pleas after hearing the statement of Attorney Martin & Martin, who represented Mr. Bailey, Mr. J. W. Horner, prosecuting attorney and J. F. Ling, affetter who represented the creditors of Mr. Bailey, disposed of the later charge by giving him a suspended sentence.

Mr. Bailey, thus having adjusted matters left for Franklin county where he has employment as head of a soliciting corps for an Ohio Book concern.

Mrs. J. L. Livensparger and daughter Jane of North Eleventh street, are visiting in Fairmount, W. Va.

Herbert Moore of Akron stopped in Newark on Tuesday enroute to Asheville, N. C., where he will visit his wife, who was formerly Miss Grace Platto of West Church street.

Miss Rose Anna Dennison is visiting her aunt, Mrs. M. J. Thornton in Chicago Junction.

William Warrington of Marion, is visiting his brother, G. A. Warrington, in Woods avenue, or a few days.

John J. Shuller of Columbus was a business visitor in Newark today.

Miss Louise Voigt, who has been visiting at her home in Granville street, returned to Columbus today.

Harry Humes of New York City was the guest of friends in Newark on Tuesday.

Miss Leona Bailey of Marion, O., who is the guest of Mr. and Mrs. David Jones and family of Elmwood avenue, will be honored with a six o'clock dinner this evening.

NOVEL ISSUE IS
RAISED IN STRIKE
AT FORT WAYNE

[ASSOCIATED PRESS TELEGRAM]
Fort Wayne, Ind., Sept. 29.—Twenty cars manned in part by old employees and in part by imported men were put in operation on the city street railway lines this morning. There was no report of disorder during the early hours. Few passengers were riding.

Traction officials declare they will contest the validity of the ordinance passed by the city council last night forbidding the operation of cars except by the men who have had at least fourteen days training on the Ft. Wayne city lines. It was expected that Mayor Hosey would sign the ordinance at once, and the action is expected to raise a novel issue in the matter of street railway strikes.

The completed film is expected here on Saturday or Sunday and will be shown at the Alhambra every afternoon and night next week beginning Oct. 4.

NEWARK KNIGHTS
TEMPLAR WILL GO
TO TOLEDO OCT. 13

At the meeting of St. Luke's Commandery, No. 34, Knights Templar, last evening, the Order of the Temple was conferred on two candidates, which completes the class of six started this month in order to enable them to accompany the Commandery to Toledo, to attend the grand commandery meeting to be held there on Wednesday, October 13.

The members of St. Luke's commandery will leave Newark at 5:55 a. m. on that date over the Panhandle for Columbus, where they will take a special train over the Hocking Valley for Toledo, reaching the latter city about 10:15 or 10:25 a. m. Returning the train will leave Toledo at 8:15 p. m., thus enabling the Newark members to reach home on the midnight train.

The fare for the round trip is \$5.50. The Buckeye Band will accompany the Newark Sir Knights, Marion Commandery with a band will join the special train at Marion. To get the members into marching condition there will be two drill meetings held before the trip, one on Tuesday evening, Oct. 5, and the other on Monday evening, Oct. 11, both at 7 o'clock, and it is hoped there will be a full turnout of the members, at both drills. Sword and belt only of the uniform necessary on those occasions.

AUTO HITS BOY;
HIS INJURIES
MAY BE SERIOUS

Harry Redman, 10 years old, son of Marion Redman of 10 Hancock street, was struck by an automobile at Union and Hancock streets shortly after noon today and badly hurt. He was carried to his home by passersby who saw the accident. Dr. Barker, who attended him, found a bad cut on the head and learned that the automobile ran over the boy's body. He may have suffered internal injuries.

The driver of the machine which struck young Redman, never stopped to learn the extent of his injuries. The police department was notified and Patrolman Hurlbaugh was detailed to make an investigation.

MISS SQUIRES IS TAKEN HOME BY HER SISTER

There will be no prosecution of Miss Alice E. Squires, trained nurse,

arrested in Columbus on charges of theft of articles from the Dalby home in Granville. Instead, Miss Squires will become a patient under the care of her sister, Miss Georgiana Squires of Savannah, Ga., who arrived in Columbus yesterday and

took charge of the afflicted sister. She is believed to be suffering from nervous prostration as a result of too close application to her work. With her sister, she left for Charlotte, N. C., where she will undergo treatment.

"There goes a man and a good man, who believes firmly in marrying for money." "Who is the mercenary creature?" "He's our minister."—Baltimore American.

Chicago Grain
(Associated Press Telegram)
Chicago, Sept. 19.—Wheat developed fresh strength today, influenced by unfavorable weather and by bullish foreign advices. Rain in the northwest continued to threaten that the movement of the spring crop would be delayed, and Liverpool reported that there were advances on account of difficulty in obtaining supplies.
The opening here which ranged from a shade to one cent higher, was followed by some additional gain and then a reaction all around.
Cool temperatures have only temporary firmness to corn. Signs of active Argentine competition still encouraged the bulls. After opening 3/4 off to 4 1/2, up the market then rose to 4 1/2, and May at 94 1/2, to 94 1/2, and up at 94 1/2, to 94 1/2. Despite early strength the bulk of later trading, however, was at much lower levels as a result of big receipts northwest and because of Anglo-French reports of progress which suggested enlarged chances of ending the Dardanelles. The close was unsettled, one to 1 1/2 net lower, with December at 94 1/2 to 98 and May at 94 1/2 to 98.
On old steady corn to absence of any decided pressure to sell. About the only offers were from scattered local lots.
Provisions gave way with more buying power appeared to have diminished to a notable extent.

New York Stock Market
(Associated Press Telegram)
New York, Sept. 19.—Last sale: American Steel 57 1/2; Sugar 67 1/2; American Car & Foundry 81 1/2; American Cotton Oil 82 1/2; American Smelting & Ref. 85 1/2; American Sugar Refining 10 1/2; American Tel. & Tel. 125 1/2; Anaconda Mining Co. 72 1/2; American Union 8 1/2; B. & O. 88 1/2; Bethlehem Steel 360; Brooklyn Rapid Transit 51; California Petroleum 20 1/2; Canadian Pacific 101; Central Leather 52 1/2; C. & O. 50 1/2; Chino Copper 45 1/2; Chicago & Northwestern 138 1/2; Chicago, Mil. & St. Paul 94 1/2; Denver & Rio Grande 3 1/2; Erie 32 1/2; General Electric 174; General Motors 100; Great Northern Pac. 120 1/2; Illinois Central 101 1/2; Interborough-N.Y. 29; Inter Harvester 107; Lehigh Valley 14 1/2; L. & N. 120 1/2; Maxwell Motor Co. First Pfd. 92; American Petroleum 57 1/2; M. & T. 47 1/2; Missouri Pacific 74; National Lead 60 1/2; N. Y. C. & H. R. 80; N. Y. & W. 114 1/2; Northern Pacific 104 1/2; Pennsylvania 112 1/2; Ray (consolidated) 23; Reading 153 1/2; Republic Iron & Steel 24 1/2; Southern Pacific 95 1/2; Southern Railway 19; Studebaker Co. 120 1/2; Texas Co. 102 1/2; Tennessee Copper 63 1/2; Union Pacific 123 1/2; United States Rubber 59 1/2; United States Steel 7 1/2; United States Steel Pfd. 111 1/2; Utah Copper 67 1/2; Western Union 124 1/2; C. R. I. & P. Ry. 23 1/2; Baldwin Locomotive 131 1/2; Crucible Steel 104 1/2; Allis-Chalmers 15 1/2; Great Northern Ore. 15 1/2.

Wall Street
(Associated Press Telegram)
New York, Sept. 19.—Aside from a resumption of the upward movement in specialties, indication of the terms of the Anglo-French loan failed to exercise a stimulating influence at the outset of today's trading. Investment shares again receiving scant attention. There were numerous wide openings in the war group. Baldwin Locomotive overshadowing all others with a

sale of 8,000 shares at 135 to 140, a maximum gain of 12. American Locomotive opened with 1,500 shares at 69 1/2 to 70, a two-point advance. Railway Steel Springs rose three to four. Pressed Steel Car 2 1/2 to 2 3/4 and Tennessee Copper 4 1/2 to 5.
Colorado Fuel also became active at an advance of 2 1/2 to 3 1/2. The list showed signs of heavy profit taking after the initial outburst and reactions of three to ten points followed. The reaction resulting largely from heavy realizing, temporarily unsettled the list but had no effect on the large outpourings of stocks, the first hour's business being estimated at 430,000 shares. Later prices showed more regularity. U. S. Steel's rise of 4 to 7 1/2, being a helpful factor. In the main, however, the morning session clearly reflected an increasing degree of nervousness induced by a mixture of professional liquidation and less aggressive public buying. Crucible Steel which rose six to a new high record of 107 1/2 and Lackawanna Steel 91 1/2 to a record, together with a few other specialties, took the places of some of the early leaders at midday when trading became more normal. Bonds were firm.

five to ten points, while others of a similar description moved to new heights.

Crucible Steel assumed the center of the stage at this juncture, issuing in large blocks up to 105 1-4, after selling as low as 100 1-2 in the first hour.

The financial district was again fluttered with a variety of rumors, including with alleged industrial combinations, deals or mergers, some of which possessed the element of possibility, but none of which was confirmable.

RECOVERING FROM A BROKEN SPINE

Mrs. Fred Mikessell, 1 No. 14 Logan avenue is getting along as well as can be expected. Mrs. Mikessell was thrown from an East Main street car at O'Bannon avenue on Sept. 6 and suffered a broken spine and internal injuries.

HINDENBERG MAY TAKE COMMAND OF WEST FRONT

London, Sept. 19.—German newspapers today announced that two generals, unnamed, have been dismissed from German commands in the western war zone in connection with the recent set-back at the hands of the French and British, according to a dispatch from Amsterdam to the Exchange Telegraph company.

It is probable, the dispatch adds, that a new German commander-in-chief of the western armies soon will be appointed. In this connection the name of Field Marshal von Hindenberg is mentioned.

WHAT IS IT?

HAR! OLD TOP WHO YOU LARFEN AT?

Transactions in the first hour approximated the huge total of 450,000 shares, exceeding all recent records. Activity diminished slightly in the second hour by which time some of the more volatile stocks had reacted.

TRANSFER

OF CONTROL OF LIMA STATE HOSPITAL WILL BE MADE THURSDAY

\$2,000,000 Dollar Institution Will Be Formally Given Over to Board of Administration.

(Special to Advocate.)

Columbus, O., Sept. 29.—All four members of the state board of administration will go to Lima Thursday when the new \$2,000,000 hospital for the criminal insane will be formally transferred from the management and control of the building trustees of the institution to the board. The state bureau of accounting has had a force of experts at work on the books of the commission since Monday and will have their work finished so that the new institution may be transferred. Ceremonies appropriate to the occasion will be held and after the transfer has been made the administration board will hold a meeting when it is expected all the present officers and employees will be re-elected to serve until such time as the state civil service commission can hold an examination and certify a list of eligibles for the permanent appointments. A number of contracts on the new hospital have not been fully carried out, and the bureau of accounting is asked to ascertain the exact amount of work to be done by the various contractors and the amount of money in each fund. After the board takes charge of the hospital all purchases of supplies will be made by the state purchasing agent L. V. Lyons, instead of being purchased through the superintendent of the hospital Dr. C. H. Clarke as they have been since it was first opened a month ago. More than 500 patients are now confined there and hundreds of others will be transferred within the next two or three weeks until the full capacity of the place has been put into actual use.

Ohio should make provision for the care, protection and treatment of tuberculosis children, says Dr. S. A. Douglass, superintendent of the state sanatorium at Mt. Vernon in his annual report to the board of administration filed today. Other states are doing this and Dr. Douglass cites the fact that in Pennsylvania alone 118 free dispensaries are in actual operation caring for the tubercular residents of the state while Ohio only has one, and that is filled far beyond its capacity. Every county in the state has a waiting list of patients who would like to receive treatment at Mt. Vernon but because of the limited capacity this is impossible. The report shows that 40 per cent of those treated last year were restored to a working capacity, 20 per cent were benefited but not to a working capacity and 40 per cent were lost through death or otherwise. This shows that the work being done by the state is equally as great as that of any other state, considering the limited amount of treatment given. "There is plenty of work for all organizations now in the field," says Dr. Douglass, "but the state is not doing its share towards helping the afflicted. Larger appropriations should be made, and more work done by the state, if it does its share towards saving some of the 7,000 lives which are sacrificed each year to the white plague."

Jesus, who walk not after the flesh but after the Spirit. For the law of the Spirit of Life in Christ Jesus hath made me free from the law of sin and death. For what the law could not do, in that it was weak through the flesh, God sending His own Son in the likeness of sinful flesh and for sin condemned sin in the flesh. That the righteousness of the law might be fulfilled in us who walk not after the flesh, but after the Spirit.

The spiritual law of life in Jesus Christ overcomes the law of sin and death.

"For ye are all children of God through faith in Christ Jesus. For as many of you as have been baptized into Christ have put in Christ. (Gal. 3:26, 27.)

"The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." (Rom. 6:23.)

Two persons came forward at the close of the service, totaling over sixty thus far.

A great final service tonight at which all who possibly can should be present, will close this successful meeting.

SURVIVORS

OF SUNKEN BRITISH TRANSPORT RELEASED BY THE GREEK GOVERNMENT.

No Previous Report of the Sinking of the Ramazan by a Submarine Had Been Made.

(Associated Press Telegram)

Athens, Sept. 28.—(Via London, Sept. 29.)—The Greek government has released the Sikhs and Gourkas who were survivors of the British transport Ramazan, which was sunk by a submarine. They were sent immediately to Malta on the Messageries maritime steamer Siboni. Many of them had no opportunity even to obtain clothing.

There has been no previous announcement of the sinking of the Ramazan, a steamer of 3477 tons, although a wireless dispatch from Berlin on September 21, stated that the Frankfurter Zeitung reported that a large British transport from Egypt for the Dardanelles had been sunk by a German submarine. This vessel could hardly have been the Ramazan, however, for the Frankfurt paper said the vessel in question was a 15,000 ton steamer which had been sunk in the Mediterranean off the island of Crete.

The Ramazan evidently was carrying Indian troops either to the Gallipoli peninsula or to France. The course taken might have been through the Arabian sea, the gulf of Aden, the Red sea and the Suez canal into the Mediterranean. The fact that the survivors landed at Athens makes it seem likely the troops were on their way to the Dardanelles.

In addition to the report from Berlin on September 21, there have been several other unconfirmed announcements from German sources of the sinking of British transports.

EASY TO DO AND WORTH DOING

This caption, "Easy to do and Worth Doing," emphasizes the value of proper breathing and muscular exercise. Posed by Miss Jean Henderson.

They say an ounce of prevention is worth a pound of cure. We are told in article XXIII, written by Anna Louise Shaper for the Advocate's development series, that we have here prevention and cure in one dose—easy to take and worth taking.

By ANNA LOUISE SHAPER (Copyright, 1915, by J. Keeler) For a prolonged condition of the abdominal contents, which our lesson XXIII tells how to prevent, it may be necessary to take corrective exercises other than those of proper posture in standing, sitting and walking. Getting off the feet is the remedy, but it must not be in a relaxed condition, for the aim is to restore the efficiency of the muscles and ligaments. The exercise illustrated in our lesson today, together with the breathing exercise described, which is especially adapted to the correction of the condition known as ptosis of the stomach, will be found very effective in bringing about a normal and healthy condition.

The claim made by experts that weakness of the lungs is the cause of four-fifths of the ill health and actual disease among civilized people can be easily explained and substantiated. Weak lungs—poor chest expansion, poor lung ventilation by conscious deep breathing of poor air—cause an immediate deterioration in the quality of the blood, and the circulation of the blood. Food for the body is only food after it has been allowed to go through the proper chemical processes of the body to pass into the blood and reach through the circulation every muscle and tissue for their upkeep.

The most important chemical process of the body is the oxidation of the fuel of food in order that the energy—the warmth—may get into the blood and so reach the tissues and muscles. The next important thing is free movement of the muscles, so that the circulation may be unimpeded. Result, I affirm. If there is compression by failure of the muscles to do the proper work, get after those

muscles and coax them into activity again.

LESSON XXIII.

Standing in well-balanced position, fully empty the lungs. Now inhale during four (4) counts and concentrate the breath with all the force possible upon the pit of the stomach until it becomes hard, like a drum, then gently slap the stomach with the palm of the hand. Hold for ten to thirty seconds. Exhale with a hissing sound through the teeth, which gives tension to the diaphragm. Repeat four times.

Slipping to the knees, stretch the body forward, resting on the palms of the hands and the toes, as shown in the illustration. Push back on the toes and forward on the hands four times. Then to knees again, and lower the trunk until the chin rests on the floor, with arms at sides in an easy position, palms up. Hold as long as you can and care to—the longer the better. Take this exercise regularly every night before retiring. Relax with rhythmic breathing. Rest

In Milady's Boudoir

By Gwen Sears

A slight scalp trouble may be treated easily at home, but one must use some judgment in deciding upon the remedy needed. When a scalp is very dry and there is a constant desquamation, which scabs are so fine as to give the hair a powdery look, this means that there is a chronic inflammation of the hair follicles and unless it is arrested the hair will fall out in bunches after awhile.

The following unguent will be found very beneficial for this condition as it softens the thickened scalp and strengthens the weakened hair roots. Oil of almonds one pint, alcohol root two and a quarter ounces, oil of cloves, mace and rose each nineteen grains, oil of cinnamon one dram, tincture of muck fifteen grains.

The coarsely powdered alkanet root must soak in the almond oil, being kept at a gentle heat all the while, until the oil is a deep red. Then strain through cheesecloth and add the other oils slowly, putting in the perfume last drop by drop, with a vessel away from the fire. This oil is also excellent for falling hair, however induced, and it likewise may be used to advantage with hair constitutionally thin. It must be applied only to the scalp and always, with massage.

For the conditions which cause the scalp to dry and tighten and give off those tiny scales, there are a number of reasons for this condition, such as shampooing the hair with strong soaps, the overuse of soda, borax and ammonia, hot curling irons, and the use of false hair and cushions, too often without these certain stages of action will bring about the same unpleasant disorder.

Massage is indicated for heads suffering with this trouble, as the first requirement is to loosen the scalp and encourage the flow of natural oils, and if there is no other urgent on hand a few drops of crude oil or olive oil may be used.

Readers' View Point

Women's Dress.

Editor of the Advocate.—Although I am a mere man, I have evolved in my mind a theory concerning women's dress that I would like to express in your columns. I am well aware, Mr. Editor, that no one can draw an exact line between modesty and immodesty, or between modesty

and prudery, nevertheless since the day when Adam and Eve covered themselves with the fig-leaves they had sewed together, civilization implies clothes for the human body.

Hence I would submit as a fundamental principle of the simple proposition that women should expose no more of their physical attributes to the eyes of men than men expose theirs to the eyes of women. (This is the only respect, however I can think of in which it would be wise and safe for them to follow our example.)

We hear a great deal said nowadays about the single standard of chastity for both sexes, why should there not be a single standard of modesty in dress for both? Moreover, I am persuaded that if the women of our country who have attained a reputation as prophets of reform and social service would preach this simple gospel to their sisters, they would do an exceedingly great service both to their own sex and to society.

M. R. SCOTT

25 Years Ago

(From Daily Advocate, Sept. 29, 1890.)

In the Cambridge wreck yesterday an exceedingly large sea turtle, weighing 470 pounds, was killed. It was found for Columbus but was dumped off into Big Walnut this side.

John Braddock has taken the road in the interest of the Weth & McCully Manufacturing company. Chief Clerk D. A. Williams went down to Zanesville this morning. Mr. B. L. Levda is confined to his home by illness.

A number of friends tendered Mrs. M. A. Cadz a surprise last evening.

15 YEARS AGO TODAY.

(From Daily Advocate, Sept. 29, 1900.) Frank Hillier, one of the Advocate carrier boys, is suffering from a bad cold of the entire right arm, the result of a kettle of boiling water being upset on him.

Messrs. Bert Tracy, Roy Boggs and Fred Swank are attending the fall festival at Cincinnati.

Mr. Morgan Murdock, formerly a well known wire weaver of Newark, and Miss Annie Kane of Detroit were united in marriage.

Morris Flynn, a popular B and O conductor, is on the sick list.

The World War a Year Ago Today—Sept. 29.

Germans delivered attacks between the Aisne and Oise rivers around Noyon. French pressed forward from Toul and Verdun.

Russian patrols entered Hungary through the Carpathian passes. Germans bombarded Oswitz, on the frontier of Russian Poland.

Japanese and British land and naval forces drove the German garrison at Tsingtao back to the inner lines of defense.

Germany was preparing her armies for a winter campaign.

Reports of the operations in Indian waters of the German raiding cruiser Emden reached Berlin. The Emden was engaged in destroying British merchantmen.

Could Handle Both Sides.

Simmons—Isn't Barker always willing to hear both sides of a question? Kimmons—Not unless you let him do all the talking.—Judge.

St. Paul, Minn., will build a new union depot and sell \$15,000,000 in bonds for that purpose. The narrow gauge on which railroads must run between a hill and the river at that city causes a natural and inevitable concentration of lines at the union depot.

Your Boys and Girls

Where is the mother of yesterday who understood her boys game of football, who encouraged him in his athletics and who was as enthusiastic as he along these lines? Where also could one find twenty years ago the woman who played tennis with her daughter, taught her to golf and swim and well as sew and accompanied her to dances, not as a stand-in, but as one who enjoyed dancing too?

And yet this type of modern mother exists in hordes today. She is no curiosity, yet a beauty, who is gaining the companionship as well as the love of the children she has brought into the world. And who shall say that she has not made of motherhood a more humane, a more understanding profession than her dear old fashioned predecessors who rocked the cradle and darned socks?

Every Day Etiquette

'Is it necessary to provide any sort of entertainment when one wishes to give a luncheon, and what is the proper hour to serve the same?' inquired Rene.

'It is not necessary to provide special entertainment for the guests will not arrive until just before the hour set for the luncheon and will not remain more than an hour after the luncheon. One o'clock or just after is the hour usually set,' instructed her sister.

On the Italo.

'I know you were married twenty years ago, yet you have the nerve to tell me that this is your seventh wedding anniversary.'

'I said my seventh wedding. Yornek, not anniversary.'—Kansas City Journal.

PURE BLOOD.

The Greatest Blessing Mankind Can Have.

Millions of people need this powerful vegetable remedy that puts the stomach, liver and bowels in fine condition; that clears the skin of pimples, rash, blemishes and eczema; that dissolves boils and carbuncles; that makes nerves stronger and steadier and gives to pale, weak, run-down people the fullest measure of health and happiness.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics, does just what is stated above, simply because it banishes from the blood all poison and impure matter. It dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, backache over the kidneys, nasal or other catarrh, unsteady nerves or unsightly skin, get Dr. Pierce's Golden Medical Discovery today and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

All medicine dealers can supply you in either liquid or tablet form or send 50 cents for trial box of tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. Write for free booklet on blood.

Springfield, Ohio.—'I am glad to speak highly of "Golden Medical Discovery." I used it because I had a tonic and also had a cough. I needed other remedies which did little good. Then I took "Golden Medical Discovery" and it helped me to get over the cough and made my health better.'—Mrs. C. S. Wilson, 717 Broadway, Springfield, Ohio.

Dr. Pierce's Common Sense Medical Adviser—a great doctor book—a family book of 1008 pages, cloth bound—answers many important questions regarding sickness. Your free copy will be sent on receipt of 30 one-cent stamps to pay wrapping and mailing charges, from Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

GOOD—and Good for You

Here's new and better raisin bread that's both good and good for you—delicious, digestible, slightly laxative, one of the most healthful foods ever served on your table. Every child and grown-up should have the benefits of an appetizing fruit-food. And this is the premier food of its kind.

It is filled with big, meaty, plump, tender raisins, with all the seeds extracted—famous SUN-MAID RAISINS, the finest raisins grown. You don't know good raisin bread till you've tried it. Order it now. Note how the whole family asks for it at every meal. It is too good and too occasional dainty. Make it a part of your every-day diet. Get your first loaf today.

California Raisin Bread Made With SUN-MAID RAISINS

You will like this Raisin Bread because it is made with this kind of raisins.

White grapes from California's sunlit valleys—too tender and juicy to ship until the sun has turned them into Sun-Maid Raisins. Setting a new standard in raisins—yet without any increase in cost. Three to choose from: Seeded (large raisins with seeds extracted); Seedless (made from seedless grapes); Cluster (fancy specimen bunches on stems, not seeded). Sold by all grocers in one-pound cartons.

California Associated Raisin Co., Fresno, Cal. Membership, 6,000 Growers. Raisins are Nature's candy—good for Little Folks.

Conscientious Service

If you employ this undertaking establishment you are certain to receive a painstaking, conscientious service, and you will feel quite satisfied that you made arrangements with us to look after the affair.

Drunk Fined.
Eight drunks were arraigned in
police court Wednesday morning and
fines of \$5 and costs were assessed.

To Become Nurse.
Miss Eva Seigle of West Main
street left today for Cleveland where
she will enter St. Ann's Hospital to
study for nursing.

Here From Havana.
Roy Lane of Havana, Cuba, a
former resident of this city, stopped
over in Newark today on his way
from Chicago to New York for a
visit with his sister-in-law, Mrs. Ella
Connell. Mr. Lane states that they
are having delightful weather in
Havana at the present time.

Injured In Fall.
Willard, the bright little five year
old son of Mr. and Mrs. J. W.
Gandert of West Locust street, fell
from a kitchen cabinet on which he
had climbed yesterday, and bumping
his chin caused him to bite through
his tongue. Dr. H. H. Baker was
called and dressed the injury and
while the wound was quite painful
the little fellow bore it bravely.

New Son Arrives.
A nine and a half pound son ar-
rived at the home of Mr. and Mrs.
Carl Swisher, corner of Church and
Seventh streets yesterday afternoon
at 4 o'clock. The proud parents are
receiving the congratulations of their
friends over the happy event.

Held For Theft.
On the affidavit of a foreigner
living in North Newark, Carl Seigel
is being held in custody by the
police on a charge of stealing
chickens. The police recovered ten
chickens which the woman identified
as having been stolen from her coop.

To Put On Flesh And Increase Weight

Most people eat from four to six
pounds of good solid fat-making
food every day and still do not in-
crease in weight one ounce, while
on the other hand many of the
plump, chunky folks eat very light-
ly and keep gaining all the time. It's
all bosh to say that this is the na-
ture of the individual. It isn't Na-
ture's way at all.

Most thin people stay thin because
their powers of assimilation are de-
fective. They absorb just enough of
the food they eat to maintain life
and a semblance of health and
strength. Stuffing won't help them.
A dozen meals a day won't make
them gain a single "stay there"
pound. All the fat-producing ele-
ments of their food just stay there
in the intestines until they pass
from the body as waste. What
such people need is something that
will prepare these fatty food ele-
ments so that their blood can ab-
sorb them and deposit them all about
the body—something too, that will
multiply their red blood corpuscles
and increase their blood's carrying
power.

For such a condition it is well to
recommend eating a Sargol tablet
with every meal. Sargol is not, as
some believe a patented drug, but is
simply a careful combination of six
of the most flesh building elements
known to chemistry. It is absolute-
ly harmless, yet has been wonder-
fully effective and a single tablet eat-
en with each meal often, according
to reports of users, has the effect of
increasing the weight of a thin man
or woman from three to five pounds
a week. Sargol is sold by the T. J.
Evans Drug Co., and W. A. Erman,
33 North Third street and other
good druggists everywhere on a pos-
itive guarantee of weight increase
or money back.

Bought Blair Trucks.
The Blair Motor Truck Company
has just delivered trucks to the New-
ark Telephone company and to the
R. B. White Lumber company of this
city. Like all users of Blair trucks,
Manager Hollander and Mr. White
are well pleased with the machines.

Obituary

Infant's Death.
The infant son of Mr. and Mrs.
Charles Toothman of West Newark
was buried yesterday. The child liv-
ed but a short time after birth.

GERMAN REPORT

Claims Territory is Regained and
British Attacks Repulsed.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sept. 29.—Recapture of
the British of part of the territory
won from the Germans north of
Loos was announced today by the
war office.

French attacks near Souchez and
Neuville are said to have been
"partly repulsed."
In the Champagne, French at-
tempts to break through the German
lines are said to have been unsuccess-
ful.

The text of the statement follows.
Western theatre of war: "The
enemy's attempts to break through
our lines continued with bitterness
in the present region of attacks. A
counter-attack, following another
fruitless British attack led to the re-
capturing of part of the territory
we abandoned north of Loos."

LOW BRIMMED HIGH CROWNED PLUSH HAT

The low, narrow brim which goes
with the high crowned hat of this
season is shown in this model of hat-
ter's black plush which in the days of
our mother was known as satin
beaver. The design is a modification
of the hat of the direction period
and suggests nothing so much as the
popular hat used with the riding
habit. It is trimmed very simply
with a band of white satin passing
through a steel cut buckle.

"What did your husband think of
the ball game?" "Oh, he doesn't go
there to think. He just hollers."
—Washington Star.

Detroit is waging a vigorous cam-
paign against saloons which have
been meeting places for men and
women. One of the places recently
put out of business bore the pictur-
esque name of "The Purple Spider."

California is unusual among the salt-
producing states in that the great bulk
of the salt comes from sea water, being
obtained by solar evaporation on San
Francisco bay, near Long Beach and
near San Diego.

Omaha detectives, seeking to discover
a man's past history, sent him a fake
dispatch saying he had fallen heir to
\$100,000. He was required to prove
his claim, and in trying to, disclosed
the desired information.

One version has it that a Hungarian
colonel when ordered to lead a sortie
from Przemyel carried only his cane as
a protection against the felly and in-
evitable losses of the attempt. He was
badly wounded, but will recover.

RAWLINGS IS RELEASED ON \$20,000 BOND

Wednesday afternoon satisfactory
bond was given in common pleas
court by A. L. Rawlings, indicted
for forgery of piano notes. The
bond for \$20,000 was signed by Mr.
Rawlings and his wife, one of his at-
torneys, Wm. M. Koons, of Mt. Ver-
non, and his brother-in-law, George
W. and W. H. Lane. The bondsman
filed affidavits with the court that
they were worth collectively \$65,000.
Rawlings was released from custody
this afternoon.

PATHETIC

(Continued from Page 1.)
G. A. R. by the Ladies of the G. A.
R. and camp reunions.

President Wilson, accompanied by
military and naval aides left the
White House to take his place in the
reviewing stand when guns fired on
the Mall announced the start of the
procession. The president was greet-
ed with cheers as he entered his
box and took a place on the spot
President Johnson reviewed the
Union troops at the close of the
Civil war. Secretary of War Garrison
and Daniel occupied seats to the left
and right, respectively, of the pres-
ident, and behind him were grouped
other members of the cabinet. Oth-
ers in the president's immediate
party, were Miss Helen Woodrow
Bones, Col. David J. Palmer, com-
mander-in-chief of the G. A. R.; Wm.
F. Guide, chairman of the general
citizens' committee and Lieut. Gen.
Nelson A. Miles, grand marshal of
the parade who took a place after the
head of the parade and passed.

At the president's reviewing stand
was a guard of honor of soldiers,
sailors and marines.

Directly over the president's box
a large American flag fluttered and
beside it were the flags of the sec-
retary of war and the secretary of
the navy.

A part of his box was draped with
flags used in the war.

Other boxes in the president's
stand were occupied by civil war
nurses. The court of honor in front
of the White House was decorated
with flags and green and white bun-
ting and the stands were packed with
government officials, members of
the diplomatic corps, relatives and
friends of the veterans.

Excitement, exhaustion and minor
misadventures took a few veterans out
of the line of march. The regular army
ambulances patrolling the line of
march carried them to hospitals.

Thousands banded along the line
of march, cheered the G. A. R. veter-
ans. There were contending veter-
ans in the crowd and they did some
hearty cheering.

Scenes of patriotic enthusiasm
marked the passage of the veterans at
President Wilson's stand. Frequently
the President waved his hat to the
old soldiers. The cheering in the re-
viewing stand in front of the White
House was almost constant.

As a life and drum corps of veter-
ans passed playing "Rally 'round the
Flag, Boys," many in the President's
stand joined in singing the chorus.
As each contingent swung along ap-
plause broke out afresh and many
of the old soldiers responded to the
President's greeting by waving flags.
Tired by the march from the Capitol
to the White House, a little more
than a mile, veterans looked ex-
hausted when they reached the Pres-
ident's stand. Many leaned upon
younger and more robust comrades.
A few strode forward with unflin-
tering steps.

The President stood throughout the
entire review, removing his hat each
time an American flag passed.

The procession was headed by Lieut-
enant General Nelson A. Miles, re-
tired, who upon his arrival before the
White House, dismounted and joined
the President in the reviewing stand.
Then came detachments of regular
soldiers, sailors and militia, sons of
veterans followed, and directly be-
hind them led by the United States
Marine band, came the first of the
old soldiers.

The parade began to move soon
after ten o'clock and was more than
two hours passing. As it progressed
some of the elder veterans dropped
from the lines. The old soldiers
marched nearly in the center of the
broad avenues, while the ambulances
spun along on both sides.

Considering the advanced age of the
men there seemed to be but few ex-
haustions.

The marching distance had been
shortened as much as possible, and
the weather was ideal, the heat from
the sun being tempered by a crisp
breeze.

Veteran life and drum corps got
most applause from the crowds. There
were times, of course, when the
shrill tones from the fifes sounded a
little weak, but that made no differ-
ence to those that heard. One corps
was followed by a single old soldier
marching, equipped just as he had
nearly fifty years ago; his knap-
sack and blanket strapped to his
back. On his shoulder he carried the
same musket he used throughout the
war.

The paraders themselves cheered
as they rounded the corner at the
north end of the treasury, where a
big banner stretched across the
street bore Lincoln's commendation
of the soldiers:

"There is one debt this nation can
never repay—the one it owes to the
defenders of the Union."
The banner was a duplicate of one
that hung across Pennsylvania ave-
nue in the same location during the re-
view of '65.

"Maggie manages to spend every
week end in the country." "How
does she do it?" "Every Saturday
she hires out to do cooking for some
suburban family."—Buffalo Express.

The superfluous, a very necessary
thing.—Voltaire.
